

Air Valve Plastic Clips DAV-C

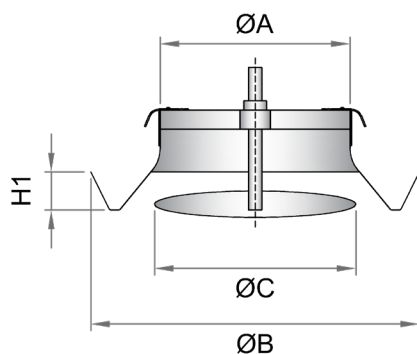

Specifications

- Item code: DAV-C
- High valve body for good air flow and reduced noise
- Connection sleeve adapted for floating ceilings
- Stepless air volume regulation
- Suitable for rooms with high humidity
- Available sizes in mm: 100, 125, 150, 160

Description

To be used as a supply or exhaust valve. The valve is equipped with clamping clips and is adjustable to the desired air volume. The clamping clips make this valve ideally suited for mounting in a pipe or opening in wall or ceiling.
